The Charter of this Company offers more favorade advantages to the farmer and others, than any For Tickets and information, apply at the Ticket Company chartered in the State, by insuring Office, Calvert Station, N. E. corner of Calvert and with or without a premium note. If the applicant prefer, he can pay the full amount of the premion in each, or by effecting a cash insurance for two years, the insured saves one eighth of the amount he would otherwise have to pay; or by becoming a member, and giving a small premium note, the insured saves nearly one-half of the amount charged by Stock Companies, when insuring from year to year. This is the advantage resulting from the ALEXANDRIA, LOUDOUN and HAMPSHIRE combination of the CASH AND MUTUAL PRINCIPLE.

This Company commenced issuing Policies against loss or damage by fire, on the 13th day of March, 1854, since which time over seven thousand seven hundred persons have insured and become members of the Company, and over seventy thousand dollars have been paid for losses. Having Mill, Thornton, Herudon, Guilford, Farmwell, increased our business during the past year, we feel LEESBURG, Hamilton, Purveilsville, Sniekers-tille, Castleman's Ferry, and Berryville, by the Alexandria, London and Hampshire Railroad and Means & Fancett's first class Mail Coaches. grateful for the liberal patronage bestowed upon the Company thus far, and for its flattering prospeets of future usefulness. LOCAL ITEMS.

WASHINGTON ITEMS .- Capt. Benham has made a requisition for money to keep things moving on the Potomac aqueduct, and the r quisition will doubtless be answered. Only \$25,000 has been paid out by Capt. Meige, who protests against any expenditure except | children : when he is personally present to superintend the work as required by law.

A fire on Thursday night, burned a little church, and a dwelling house owned and occupied by Mrs. Reagan, in the northern suburbs, a little beyond Boundary street. The police officers arrested three men, who were examined and committed for appearance at court on suspicion of being concern-

ed in the act of incendiarism. The Mayor has held a consultation with Major Ramsey, commander of the United States arsenal, in relation to measures for opening "James' Creek," as far as Virginia avenue, where a connection can be formed with the present canal.

COUNTY ELECTION .- Alexandria county seems hard run for a constable. At the stated election in May, Richard Williams was chosen. Upon his declination to serve, a special election was ordered in August, when | necessary, because many of the best educat-George Veitch was elected; he refused to qualify, and at the September term, the County Court ordered a new election to take place at Ball's Cross Roads on the 16th inst. No el Webster were very dull scholars when returns from the latter election have been received at the Clerk's office. So it is probable another election will be necessary.

N. B. Read the following from the Evening Star of December 3, 1859: "A REMARKABLY FINE ALE,-Mr. Davison's successor in the Washington Brewery, corner of K and 27th streets, Mr. Colineau, is now manufacturing XX ale and porter and brown stout, all of which reflect infinite credit on his establishment. His ale compares favorably, indeed, with the best ca, analyzing 11 per cent. Ammonia, warranted Philadelphia and Albany ales, being, according to our taste, much more like the best English and Scotch ales than those imported from either of those cities. If he continues to produce so superior an article, he will shortly make a reputation for his brewery surpassing that of any Northern

EVILS OF MENTAL PRECOCITY .- The following paragraph from Dr. W. A. Cornell's late work, entitled "How to Enjoy Life," presents a subject which should be well understood by parents and teachers of precocious

"The premature development of the mind and neglect of the body, have long been prominent evils in our educational system. It is often pleasant to fond parents to see how bright, intelligent and witty their children are; and they often find great satisfaction in showing to others the brilliancy and mental sprightliness of their prececious darlings. Such parents know not what they are doing. All the praise lavished by such parental folly, and fond aunts, and doting grandparents, and injudicious friends, tends to the serious injury and almost certain destruction of their children. Their keen flashes and sparkling witticisms are but the indications of an over stretched mind and a neglected body. Our many systems of education thus destroy many children every year. This neglect of the physical, and stimulating the mental man, is the more to be deplored from the fact that this early precocity is wholly uned and useful men the world has ever seen were very dull pupils in early childhood. Andrew Fuller, Sir Walter Scott, and Danichildren; and yet, who has ever done more in theological discussion than the former? Or, who, in the world of intellect, than the second? Or, who, at the Bar and in the Sen-

ate, than the latter?
